### 130 Years of Assisting Victorian Women

The Queen's Fund was established in May 1887 by the then Governor of Victoria's wife, Lady Loch, to commemorate Queen Victoria's Golden Jubilee. For 130 years, The Queen's Fund has continuously supported single Victorian women in distress, crisis or emergency situations through small financial grants.

This significant milestone has been reached through the dedication and hard work of the volunteer women who make up our Committee of Management, our Trustees, our pro bono advisers and our generous supporters.
